Jan 52

I thank you very much for your letter of 30th December 51, and also for the paper sent with it.

I am glad to see that there is every chance of our holding Field Trials meeting early in February. I think you ought to give ample warning to all those intending competitors, by publishing about this in some of the popular papers soon.

I hope you are quite fit again.

I send you and your family my best wishes for a very Happy New Year.
